Ford Motor Company (NYSE: F) is a global company based in Dearborn, Michigan, committed to helping build a better world, where every person is free to move and pursue their dreams. The company's Ford+ plan for growth and value creation combines existing strengths, new capabilities and always-on relationships with customers to enrich experiences for customers and deepen their loyalty. Ford develops and delivers innovative, must-have Ford trucks, sport utility vehicles, commercial vans and cars and Lincoln luxury vehicles, along with connected services. The company does that through three customer-centered business segments: Ford Blue, engineering iconic gas-powered and hybrid vehicles; Ford Model e, inventing breakthrough electric vehicles along with embedded software that defines exceptional digital experiences for all customers; and Ford Pro, helping commercial customers transform and expand their businesses with vehicles and services tailored to their needs. Additionally, Ford provides financial services through Ford Motor Credit Company. Ford employs about 174,000 people worldwide. More information about the company and its products and services is available at corporate.ford.com

Ford, a global American brand woven into the fabric of Europe for more than 100 years, is committed to freedom of movement that goes hand-in-hand with looking after the planet and each other. The company's Ford+ plan, with Model e, Ford Pro and the Ford Blue business units is accelerating its European transformation to an all-electric and carbon neutral future by 2035. The company is driving forward with bold, new EVs, each one designed with European drivers in mind and innovating with services to help people connect, communities grow, and businesses thrive. Selling and servicing Ford vehicles in 50 individual European markets, operations also include the Ford Motor Credit Company, Ford Customer Service Division and 14 manufacturing facilities (eight wholly owned and six unconsolidated joint venture facilities) with four centres based in Cologne, Germany; Valencia, Spain and at our joint venture in Craiova, Romania and Kocaeli, Türkiye. Ford employs approximately 34,000 people at its wholly owned facilities and consolidated joint ventures and approximately 57,000 people including unconsolidated businesses across Europe. More information about the company, its products and Ford Credit is available at corporate.ford.com.

Ford Motor Norge er en bilprodusent og mobilitetsselskap som importerer biler og deler for salg gjennom et forhandlernetttverk på 82 salgs- og servicepunkter. Den første Ford-bilen kom til Norge allerede i 1906, trolig gjennom firmaet E.C. Gjestvang i Oslo. Lenge var det kun private forhandlere som importerte Ford til Norge via Danmark. Først i 1960 ble Ford Motor Norge etablert etter sterkt engasjement fra blant annet Trygve Lie, FNs første generalsekretær og norsk

ambassadør i Washington.
